

Public Safety

Remembrance Garden

City of Jacksonville

To Remember - With a planned location next to the New River along Marine Boulevard in Jacksonville, the Public Safety Remembrance Garden will be a scenic environment located on the grounds of the new Center for Public Safety. This space will include a fountain, bench, flowering tree landscaping and brick pavers and be a place to reflect and honor the men and women who have given their lives in the line of duty. Although the garden honors all those who risk their lives through Public Service, the garden will feature two fallen JPD officers, Terry Lee Lanier and William Thomas Whitehead.

To Build - Volunteers coordinating this project are raising funds through individual and group donations to cover the cost of building the garden. The goal is to complete the garden in the **Summer of 2014**, when the Center for Public Safety completion is expected.

Your Donation Can Help - Brick pavers are available for purchase and will become a permanent part of the garden. Bricks may memorialize departed officers, friends or loved ones who have served in public safety in service to the City of Jacksonville or elsewhere. Each brick paver is \$75, 8"x8" and can carry one to six lines of text and eighteen characters per line. Donations are being accepted at City Hall Water Billing, 815 New Bridge Street, Jacksonville, NC 28541. Paver forms are online at www.jacksonvillenc.gov/donate or fill out the form below and bring it to City Hall Water Billing.
